---

<sup>1</sup> Where the plastic is broken exposing the tube or the tube has lost vacuum.

**Oscar Winski eRecycling has a very short list of electrical devices we are not able to accept. At this time, they include:**

- Light bulbs
- Items containing liquid
- Radioactive materials including smoke detectors. If a smoke detector has this symbol, it is not photoelectric and we will not accept it. 
- Polychlorinated biphenyls (PCB's) found in ballasts and large capacitors. If ballast is not labeled "No PCBs" on the manufacturer's tag, it is assumed to have PCBs.
- Items containing Freon
- Air conditioners
- Dehumidifiers
- Freezers
- Refrigerators
- Wine Chillers
- Large compactors
- Tape, floppy disk, DVD, or CD
- Household primary battery (typically includes button batteries, AA, AAA, C, D, A23, 9-volt, CR2032 etc.)
